## **LETTER TO PARENTS**

**Subject: “ SHARING CONCERNS ”**

**DEAR PARENTS,**

Greetings.

All of us are going through one of the most trying times that we never witnessed. It is heartening to see that none among our parents, students and staff is infected by the Corona-19 virus.

I thank the Almighty and pray for his continued blessings on us. I shall be now touching upon the various issues that confront us and explain the strategies planned and to be adopted by the school to face them successfully.

It looks likely that the school will reopen by the June end. Initially classes 8, 9 & 10 will start and then in a phased manner other classes will commence.

All our staff are coming daily and preparing all the necessities for the coming academic year. We are gearing up with our plans to receive our students keeping the current situation always in mind. For us the safety and security of the students come always first and lie foremost in our minds and deeds.

As usually done, elections and requirement of the books and notebooks were worked out in December itself. We had placed order well in time. We are definitely in a position to issue them before the school commences.

Glad to inform you that our ONLINE CLASSES to X std. and for board exam going students are going on smoothly and I have received rave reports on it from students.

We are going to start the online classes for VIII and IX std. shortly. For classes V to VII, kindly revise Science, the fundamentals in Maths & basics in English Grammar and Computer from the last year class books. That is more than enough. For classes from LKG to IV std., kindly follow the app I had sent and teach them at home. Plan variety of simple activities for them. Google will help you in this.

We may lose 20 to 30 days of teaching and learning due to late starting. We will compensate it by working on Saturdays(full), keeping the final exam in April instead of March, reducing the number of holidays scheduled, extending the working hours, giving more attention only to core subjects and many other alternatives.

Yes! Teachers and staff are to put in more hours of work and more days of attendance. I am glad to inform you that they are willingly ready to do so as students' progress is the most and only important factor for us. We are eagerly waiting for the opportunity to be with them & learn with them.

Our management is very benevolent and looking after our welfare in the time of need. We thank you all whole heartedly who have paid the fees and sincerely request others to do so immediately that will go a long way in maintaining the welfare , high motivation and ensuring the best service of my fellow teachers and staff to your wards.

With your cooperation and support, I am confident that the Sun will rise again, drive away the dark clouds hanging and brighten our lives once again.

With regards

Sd/-

Principal
