

World Safer Internet Day

WORKSHOP

World Safer Internet Day

- World Safer Internet Day is celebrated world wide on second Tuesday of February. This year's theme is Together for a Better Internet
- Purpose:
 - Fraudsters try to commit fraud such as swindling money, stealing personal information, and online bullying etc.
 - These fraudsters are targeting innocent and gullible internet users in new ways...
 - There are various types of frauds taking place. Through awareness on kinds of frauds and the ways to mitigate them would help protect ourselves and our loved ones.

What is the Internet?

- The Internet is a global network of computers and devices connected to each other to share information and communicate with each other.
- It allows for data exchange, access to websites and communication through various digital means.
- The Internet is not owed by anyone. Everyone participates and uses it...

SAFER INTERNET

Internet in the day to day life

Risks of the Internet

Financial Frauds

Theft of Personal Information

Mis-Information

Trolls, Bullying & Stalking

Work – Life Imbalance

Health Issues

Lack of Focus

Spams

Uncontrolled Expenses

SAFER

Personally Identifiable Information-PII

Never share any of these critical information with anyone.

Digital Arrest

"Your parcel has been seized by customs for containing illegal items. You are now being interrogated online and you have been placed under digital arrest. You are not allowed to contact anyone."

"Your mobile number has been reported to be used for illegal purposes. The Crime Branch police will interrogate you online. You are under digital arrest. You are not allowed to communicate with anyone, including your family.."

- Fraudsters may initiate the conversations like this
- They may connect to a fake police officer through video conference. They may threaten with dire consequences.
 They may lure you to transfer huge amount to drop the case
- They may try with newer and newer ways to trap the victims.

Never entertain such calls. If in doubt, may contact the respective agencies with the details. May report to the Cyber Crime Police Station

SAFER INTERNET

WORLD

Scam Calls

Calling from XYZ
Bank. Please share
the OTP you have
received.

Scam Calls

"Your bank account will be closed within the next 15 minutes. Press 1 to speak to a customer service executive"

"Your mobile number's services will be revoked within the next 30 minutes. To avoid disconnection, press 1."

"You have a criminal case in the High Court. You have not been responding. Press 1 for further details"

- Fraudsters may call and play this type of recorded messages. In addition, fraudsters may try newer methods.
- Next, they talk to you and force you to give them your important personal information. Using these details, they steal money from your bank account..
- Do not entertain these scam calls. If in doubt, contact the actual organization and get clarification.

Phishing Attacks

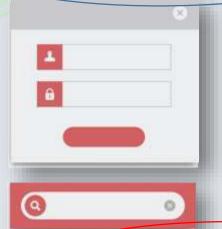

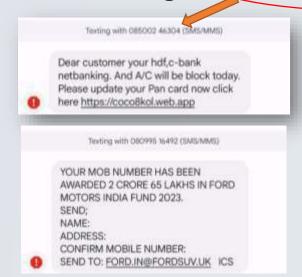

Phishing URL: www.0rigina1.com

Do not click the URL links received through eMails, Messages etc. from unknown person

Type the correct URLs in the address bar of the browser

Phishing

Received from a normal mobile number

Safer Internet

Security in the digital world is just as important as in the real world.

Never befriend strangers or share personal details on social media.

Never trust or click on links from unknown sources in messages/emails. Type URLs yourself.

Never use untrusted public computers and networks for critical transactions.

Do not share passwords, OTP and personal information with anyone.

Never trust attachments and applications from

Passwords & OTPs

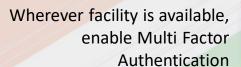

Do not share your password and OTP with anyone.

Keep strong passwords and change them regularly.

Do not use the same password for different purposes.

Don't use passwords that are easy to

Safer social media presence

Be careful about your presence on social media.

Do not share personal and unnecessary information.

Check the authenticity of the content. There will be a lot of fake and unreliable information.

Don't fall prey to hate messages and don't spread it

Remember that once something is posted online, it can be difficult to completely remove it.

Don't click on unknown links, don't download unknown apps.

Do not accept friend requests from unknown people, verify the authenticity of the requester.

Lock your profile from unknown people

Social Media: Fake Profiles

FAKE

Fake social media accounts can be created using the profile photo and other details of some individuals and impersonate that person to commit fraud.

It has come to my notice that some fraudsters have created a fake account using my name on social media and demanding money. This is totally false and intended to deceive people. Please don't fall prey to such fraudsters.

ಕೆಲವು ಕಿಡಿಗೇಡಿಗಳು ಸಾಮಾಜಿಕ ಜಾಲತಾಣದಲ್ಲಿ ನನ್ನ ಹೆಸರು ದುರ್ಬಳಕೆ ಮಾಡಿಕೊಂಡು ನಕಲಿ ಖಾತೆ ಸೃಷ್ಟಿಸಿ ನಾನು ಹಣದ ಸಹಾಯ ಕೇಳುತ್ತಿದ್ದೇನೆಂದು ಸುಳ್ಳು ವದಂತಿ ಹಬ್ಬಿಸಿದ್ದಾರೆ. ಇದು ಸಂಪೂರ್ಣವಾಗಿ ಸುಳ್ಳು. ಯಾರೊಬ್ಬರೂ ಇಂತಹ ವಂಚನೆಗೆ ಒಳಗಾಗಬೇಡಿ. ಈ ಕುರಿತು ಸೈಬರ್ ಕ್ರೈಮ್ ಗೆ ದೂರು ನೀಡುವ ಬಗ್ಗೆ ಚಿಂತನೆ ನಡೆಸಿದ್ದೇನೆ.

Protect your profile details from unknown people

Don't befriend strangers. Check before accepting requests.

SAFER IN

Unsafe Links, Applications and Files

04

05

Do not install applications received from strangers, do not click on links received.

Officer's Responsibility

- Do not share your User ID, Password, and OTP with anyone.
- Never share your Digital Signature Token and password...
- Your account may have higher privileges due to Role Based Access. So do not share your account details with others.
- Do not register apps installed on other people's devices with your details.
- If you are authorized to share data, the data should only be shared with password-protected files.

 The password should be shared separately.
- Make sure that the personally identifiable information of others is not shared in any way in the public domain.

In-case of fraud

- Citizens can register their complaints through the helpline number 1930.
- Complainants can call the helpline number 1930 and provide some mandatory details like name, mobile number, address, transaction details etc.
- After receiving the acknowledgement number in the SMS, the complainant will have to file a formal complaint on the portal (https://cybercrime.gov.in/) within 24 hours

If it is financial fraud, contact the bank immediately and report the details.

If you lose your mobile, contact the service provider immediately, block the number and get another SIM with the same number.

Contact the nearest cybercrime police station immediately.

For additional information and awareness

Indian Cyber Crime Coordination Centre

Indian Cybercrime Coordination Centre (I4C)

- To create a safer cyber space for the citizens of India.
- To create an effective framework and ecosystem for the prevention, detection, investigation, and prosecution of Cybercrime in the country
